

# Remembering Lee Warshavsky

(1958-2024)

**Lee Warshavsky** dedicated his career to expanding access to affordable housing in New York City. He was Assistant Commissioner for the Division of Housing Production and Finance at HPD before coming to Settlement Housing Fund and serving as our beloved General Counsel for 23 years. Lee was respected by everyone he worked with in our industry and his contributions to Settlement Housing Fund and affordable housing in New York City were enormous. A dedicated

and selfless colleague, Lee approached his work with joy and a focus on the people and communities we serve. Our memories of Lee and his legacy are gifts we will always cherish.

In recognition of Lee's practice of mentorship and providing meaningful internship experiences to aspiring lawyers seeking careers in our field, we are thrilled to establish the **Lee Warshavsky Legal Internship** at Settlement Housing Fund. Contributions to the internship fund in Lee's honor will support the stipends paid to these law students as they learn the ropes needed to follow in Lee's footsteps.
